Re: Deficient Amended Notice of Intention for Small Mining Operations, Sean Murphy, Cloudy Moon Quarry, S/037/116, San Juan County, Utah

Dear Mr. Murphy:

Thank you for your amended Notice of Intention (NOI), received by the Division November 19, 2001, concerning your proposed small mining program located in Section 16, Township 38 South, Range 24 East, SLBM, County, Utah. The notice does not satisfy the requirements of Rule R647-3 of the Utah Mined Land Reclamation Act of 1975, Title 40-8, et seq., Utah Code Annotated.

The following information is still required:

The map submitted with the NOI shows a road to the existing quarry site but not to the one you have proposed. Please provide information about how you will access this site. If it is necessary to construct a new road, this new road may need to be permitted and included in the disturbed area acreage.

The current operator for the Cloudy Moon Quarry is Sean Murphy, but it appears from the NOI and also from the letter to the School and Institutional Trust Lands Administration (SITLA) that you intend the new operator to be Moon Mountain Stone Company, Inc. Since the copy of the SITLA letter is not signed, we cannot accept it to transfer the NOI. If you desire to change the mine operator, please submit a completed form MR-TRS. A blank copy of this form is enclosed.

The Division will suspend review and await your amended Notice of Intention. In reply, please refer to S/037/116. If you have any questions, please call me at 801-638-5261. Thank you for your cooperation.

Sincerely,

Paul B. Baker
Senior Reclamation Biologist
